

INDEX

WATER PRE-APPROVED NOTES, CONSTRUCTION CRITERIA, & PLANS

Water and Sewer Spacing and Clearance W.01

Concrete Thrust Blocking W.02

Vertical Thrust Blocking W.03

Concrete Slope Anchor Detail W.04

Not Used W.05

Tapping Tees W.06

Casing Installation W.07

Not Used W.08

2" Air and Vacuum Release Assembly W.09

Filling New Water Mains W.10

2" Blow-Off Assembly W.11

Typical Irrigation Configuration W.12

Hydrant Protection and Valve Marker Post W.13

Fire Hydrant Assembly W.14

Not Used W.15

Hydrant Location in Cut or Fill W.16

Water Meter Placement Details W.17

¾" & 1" Water Meter Service Installation W.18

1-1/2" and 2" Water Meter Service Installation W.19

3" & 4" Water Meter Service Installation W.20

¾" & 1" Water Meter Box W.21

1-1/2" & 2" Water Meter Box Placed in Planter W.22

Not Used..... W.23

AC Water Main Crossing Detail W.24

Not Used..... W.25

Reduced Pressure Backflow Assembly (RPBA) W.26

Premise Location W.27

Reduced Pressure Principle Assembly W.28

Individual Pressure Reducing Valve Assembly (Residential) W.29

Individual Pressure Reducing Valve Assembly (Multi-Family or Commercial) W.30

Individual Pressure Reducing Valve Assembly with Pressure Relief
(Multifamily or Commercial) W.31

Fire Protection Sprinkler Assembly W.32

2" Manifold (4-6 Services)W.33

Water Trench.....W.34
Water Valve Box.....W.35
