

# JUANITA FRIDAY MARKET, JUNE – SEPT

Since 2007, the Juanita Friday Market has been at the heart of our community, bringing people together in a vibrant open-air setting at Juanita Beach Park. Each summer, over 20,000 visitors come to enjoy fresh, locally grown produce, handcrafted goods, and ready-to-eat delights while supporting local farmers, artisans, and culinary experts.

Beyond being a market, the Market is a hub for connection and economic vitality, providing increased access to fresh food and fostering a healthy, engaged community. With live music, free children's crafts, and special events throughout the season, the market offers an enriching experience for families, friends, and neighbors alike.
