

2023 City of Kirkland Tree Rebate and Certificate Program Pre-Approved Tree List

Not intended for use for mitigation planting or for planting as a requirement of tree/development permits

Last Updated 4/7/23

Large Evergreens

Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Abies grandis</i> Grand Fir	Evergreen	100	35			Grows at 0-1500 m in moist conifer forests	Yes
<i>Abies procera</i> Noble Fir	Evergreen	90	30			Grows naturally in higher elevations than Douglas Fir	No
<i>Calocedrus decurrens</i> Incense Cedar	Evergreen	60	20			Special site approval needed for street tree planting - more drought tolerant than Wester Red Cedar	Yes
<i>Chamaecyparis pisifera</i> Sawara Cypress	Evergreen	45	25			Special site approval needed- many cultivars available	No
<i>Picea sitchensis</i> Sitka Spruce	Evergreen	100	30			Native environment is characterized by cool, moist climate	Yes
<i>Picea omorika</i> Serbian Spruce	Evergreen	60	20			Narrow, asymmetrical shape	No
<i>Pinus contorta</i> Shore Pine	Evergreen	40	20			Grows in poor conditions where other species do not thrive. Highly desirable and easily available.	Yes
<i>Pinus ponderosa</i> Ponderosa Pine	Evergreen	100	30			A large, straight trunked tree with a wide, open, irregularly cylindrical crown.	Yes
<i>Pinus monticola</i> Western White Pine	Evergreen	100	35			Occurs in lowland for forests or on moist mountains	Yes
<i>Pinus nigra</i> Austrian Pine	Evergreen	45	25			Special site approval needed – fairly tolerant of heat	No
<i>Pinus pinea</i> Italian Stone Pine	Evergreen	40	30			Special site approval needed	No
<i>Psuedotsuga menziesii</i> Douglas Fir	Evergreen	100	35			Very large native evergreen	Yes
<i>Sequoia sempervirens</i> Coastal Redwood	Evergreen	200	40			While young trees have a pyramidal shape, mature trees take on a narrow columnar form.	Yes
<i>Sequoiadendron giganteum</i> Giant Sequoia	Evergreen	250	50			Forming a huge tree in the Northwest landscape, Giant Sequoia features thick heavy limbs and could grow to 250' in height.	No
<i>Thuja plicata</i> Western Red Cedar	Evergreen	100	40			Growth is stunted on dry soils	Yes
<i>Tsuga heterophylla</i> Western Hemlock	Evergreen	100	30			One of the most shade tolerant natives – casts very dense shade	Yes
<i>Tsuga mertensiana</i> Mountain Hemlock	Evergreen	40	20			Slow-growing and narrow. Prefers sun. Highly desirable and easily available.	Yes

Medium/Small Evergreens							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Arbutus menziesii</i> Pacific Madrone	Evergreen	50	30	White		Can be difficult to transplant	Yes
<i>Umbellularia californica</i> California Bay Laurel	Evergreen	70	25	White		Small creamy white flowers. Flowers give rise to 1" long round to elliptical purple fruit in the fall.	Yes
<i>Magnolia grandiflora</i> 'Victoria' Victoria Evergreen Magnolia	Evergreen	25	20	White		Evergreen magnolia – can be damaged in years with wet, heavy snow. Great Plant Pick	No
<i>Quercus Ilex</i> Holly Oak	Evergreen	40	30			Evergreen oak - Underside of leaf is silvery-white. Often has a prominent umbrella form	No
<i>Pinus densiflora</i> 'Imbraculifera' Umbrella Pine	Evergreen	25	20			Special site approval needed	No
<i>Pinus flexilis</i> 'Vanerwolf's Pyramid' Vanderwold Pyramid Limber Pine	Evergreen	30	15			May be susceptible to blister rust	No
<i>Sciadopitys verticillata</i> Japanese Umbrella Pine	Evergreen	30	20			Grows slowly- pristine evergreen foliage	No
<i>Taxus brevifolia</i> Pacific Yew	Evergreen	40	25			Typically occurs as an understory tree	Yes
<i>Arbutus</i> 'Marina' Strawberry Tree	Evergreen	25	20	Pink		Substitute for Pacific madrone – can suffer severe damage or death due to cold weather - evergreen	No
Large Columnar Trees							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Acer nigrum</i> 'Green Column' Green Column Black Sugar Maple	Deciduous	50	10		Orange	Good close to buildings	No
<i>Ginkgo biloba</i> 'Princeton Sentry' Princeton Sentry Ginkgo	Deciduous	40	15		Yellow	Very narrow growth.	No
<i>Populus trichocarpa</i> Black Cottonwood	Deciduous	100	30		Yellow	Only plant this fast growing, aggressively rooted tree 40 feet or more away from sidewalks, sewers, and structures.	Yes
<i>Quercus</i> 'Crimschmidt' Crimson Spire Oak	Deciduous	45	15		Orange	Hard to find in the nursery trade	No
<i>Quercus frainetto</i> Italian Oak	Deciduous	50	30		Yellow	Drought resistant – beautiful green, glossy leaves in summer. Great Plant Pick	No
<i>Quercus robur</i> 'fastigiata' Skyrocket Oak	Deciduous	40	15		Yellow	Columnar variety of oak	No
<i>Taxodium distichum</i> 'Mickelson' Shawnee Brave Bald Cypress	Deciduous	55	20		Orange	Deciduous conifer - tolerates city conditions	No

Large Broadleaf Trees							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Acer macrophyllum</i> Big Leaf Maple	Deciduous	70	60		Yellow	Very large native	Yes
<i>Acer saccharum</i> 'Bonfire' Bonfire Sugar Maple	Deciduous	50	40		Orange	Fastest growing sugar maple	No
<i>Acer saccharum</i> 'Commemoration' Commemoration Sugar Maple	Deciduous	50	35		Orange	Resistant to leaf tatter. Great Plant Pick	No
<i>Acer saccharum</i> 'Green Mountain' Green Mountain Sugar Map	Deciduous	45	35		Orange	Reliable fall color. Great Plant Pick	No
<i>Acer saccharum</i> 'Legacy' Legacy Sugar Maple	Deciduous	50	35		Orange	Limited use – where sugar maple is desired in limited planting strip area. Great Plant Pick	No
<i>Aesculus flava</i> Yellow Buckeye	Deciduous	60	40	Beige	Yellow	Least susceptible to leaf blotch – large fruit – fall color is varied, but quite beautiful	No
<i>Alnus rubra</i> Red Alder	Deciduous	60	35		Yellow	Nitrogen fixing	Yes
<i>Catalpa speciosa</i> Northern Catalpa	Deciduous	60	30	White		Northern catalpa is best known as a large deciduous tree bearing showy spring flowers.	No
<i>Cercidiphyllum japonicum</i> Katsura Tree	Deciduous	40	40		Orange	Needs lots of water when young – can produce large surface roots. Great Plant Pick	No
<i>Fagus sylvatica</i> Green Beech	Deciduous	50	40		Orange	Silvery-grey bark	No
<i>Fagus sylvatica</i> 'Asplenifolia' Fernleaf Beech	Deciduous	60	50		Orange	Beautiful cut leaf. Great Plant Pick	No
<i>Fagus sylvatica</i> 'Purpurea' Copper Beech	Deciduous	60	30		Copper/Red	Reportedly tolerates a wider range of soils than American beech.	No
<i>Ginkgo biloba</i> 'Magyar' Magyar Ginkgo	Deciduous	50	25		Yellow	more upright and narrow than 'Autumn Gold'	No
<i>Gymnocladus dioica</i> 'Espresso' Espresso Kentucky Coffee	Deciduous	50	35		Yellow	Very coarse branches - extremely large bi-pinnately compound leaves	No
<i>Liquidambar styraciflua</i> 'Rotundiloba' Rotundiloba Sweetgum	Deciduous	45	25		Crimson	Only sweetgum that is entirely fruitless. Smooth rounded leaf lobes	No
<i>Liriodendron tulipifera</i> Tulip Tree	Deciduous	60	30		Yellow	Fast-growing tree – can get very large in open conditions	No
<i>Metasequoia glyptostroboides</i> Dawn Redwood	Deciduous	50	25		Orange	Fast growing deciduous conifer. Great Plant Pick	No
<i>Platanus x acerifolia</i> 'Bloodgood' Bloodgood London Planetree	Deciduous	50	40		Yellow-brown	More anthracnose resistant than other varieties – large tree that needs space	No
<i>Platanus x acerifolia</i> 'Morton Circle' Exclamation London Planetree	Deciduous	55	35		Yellow	Tolerates urban conditions, resistant to powdery mildew	No
<i>Platanus x acerifolia</i> 'Yarwood' Yarwood London Planetree	Deciduous	50	40		Yellow-brown	High resistance to powdery mildew	No

Large Broadleaf Trees (Continued)							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Quercus bicolor</i> Swamp White Oak	Deciduous	60	45		Yellow-brown	Interesting shaggy peeling bark	No
<i>Quercus coccinea</i> Scarlet Oak	Deciduous	60	40		Red	Best oak for fall color	No
<i>Quercus garryana</i> Oregon Oak	Deciduous	50	40		Yellow	Slow growing, can be difficult to transplant. Native to Pacific Northwest. Great Plant Pick	Yes
<i>Quercus imbricaria</i> Shingle Oak	Deciduous	60	50		Yellow-brown	Nice summer foliage - leaves can persist throughout the winter	No
<i>Quercus muhlenbergii</i> Chestnut Oak	Deciduous	60	50		Yellow-brown	coarsely toothed leaf	No
<i>Quercus robur</i> English Oak	Deciduous	60	40		Yellow-brown	Large, sturdy tree. Acorns do not need dormant cold period to germinate, so can be invasive.	No
<i>Quercus rubra</i> Red Oak	Deciduous	60	45		Red	Fast growing oak – large tree that needs space	No
<i>Quercus velutina</i> Black Oak	Deciduous	60	50		Orange	More drought tolerant than red oak	No
<i>Taxodium distichum</i> Bald Cypress	Deciduous	55	35		Orange	A deciduous conifer, broadly spreading when mature – columnar when young. Great Plant Pick	No
<i>Ulmus</i> ‘Homestead’ Homestead Elm	Deciduous	60	35		Yellow	Complex hybrid - close in form to American elm - Resistant to Dutch elm disease	No
<i>Ulmus</i> ‘Frontier’ Frontier Elm	Deciduous	50	35		Red	Resistant to Dutch elm disease	No
<i>Zelkova serrata</i> ‘Green vase’ Green Vase Zelkova	Deciduous	45	40		Crimson	Attractive exfoliating bark provides Winter appeal. Dark green leaves turn orange-red and purple in Fall. Great Plant Pick	No
<i>Zelkova serrata</i> ‘Village Green’ Village Green Zelkova	Deciduous	40	40		Crimson	Green Vase, Mussichino and Halka are improved forms. Great Plant Pick	No

Medium / Large Trees							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Acer campestre</i> Hedge Maple	Deciduous	50	30		Yellow	Contrary to its name, this is not a small tree – nice overall shape and structure	No
<i>Acer campestre</i> ‘Evelyn’ Queen Elizabeth Hedge Maple	Deciduous	40	30		Yellow	More upright branching than the species.	No
<i>Acer freemanii</i> ‘Autumn Blaze’ Autumn Blaze Maple	Deciduous	50	40		Red	Cross between red and silver maple – fast growing with good fall color	No
<i>Acer miyabei</i> ‘Morton’ State Street Maple	Deciduous	40	30		Yellow	Similar to, but faster growing and larger than Hedge maple	No
<i>Acer pseudoplatanus</i> ‘Atropurpureum’ Spaethii Maple	Deciduous	40	30		Yellow-brown	Leaves green on top purple underneath.	No

Medium / Large Trees (Continued)

Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Acer rubrum</i> 'Scarsen' Scarlet Sentinel Maple	Deciduous	40	25		Orange	Leaves are darker green and larger than those of other Red Maples, and they hold up well in summer heat.	No
<i>Aesculus x carnea</i> 'Briotii' Red Horsechestnut	Deciduous	30	35	Red	Yellow-brown	Resists heat and drought better than other horsechestnuts	No
<i>Betula nigra</i> River Birch	Deciduous	50	30		Yellow	Flaky bark in various mixed shades of cream, orange and lavender, nice fall color, and freedom from bronze birch borer damage.	No
<i>Corylus colurna</i> Turkish Filbert	Deciduous	40	25		Yellow	Tight, formal, dense crown - not for areas with high pedestrian traffic as tree can have significant debris from nut production. Great Plant Pick	No
<i>Ginkgo biloba</i> 'Autumn Gold' Autumn Gold Ginkgo	Deciduous	45	35		Yellow	Narrow when young	No
<i>Liquidambar styraciflua</i> 'Moraine' Moraine Sweetgum	Deciduous	40	25		Orange	Light green foliage. More compact than other varieties of sweet gum. Brittle branches	No
<i>Nothofagus antarctica</i> Antarctic Beech	Deciduous	50	35		Yellow-brown	Rugged twisted branching and petite foliage – difficult to find in the nursery trade	No
<i>Tilia americana</i> 'Redmond' Redmond Linden	Deciduous	50	30		Yellow	Pyramidal, needs extra water when young	No
<i>Tilia cordata</i> 'Greenspire' Greenspire Linden	Deciduous	40	30		Yellow	Symmetrical, pyramidal form – sometimes has structural issues due to tight branch attachments	No
<i>Ulmus parvifolia</i> 'Emer II' Allee Elm	Deciduous	45	35		Orange	Exfoliating bark and nice fall color – Resistant to Dutch Elm Disease	No

Medium Columnar Trees

Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Acer rubrum</i> 'Bowhall' Bowhall Maple	Deciduous	40	20		Orange	An upright, pyramidal form that is significantly wider than 'Armstrong' or 'Columnare'	No
<i>Carpinus betulus</i> 'Fastigiata' Pyramidal European Hornbeam	Deciduous	40	15		Yellow	Broadens when older. Great Plant Pick	No
<i>Fagus sylvatica</i> 'Dawyck Purple' Dawyck Purple Beech	Deciduous	40	12		Yellow-brown	Purple foliage.	No
<i>Liriodendron tulipifera</i> 'Fastigiatum' Columnar Tulip Tree	Deciduous	40	10	White	Yellow	Good next to buildings – can have problems with tight branch angles. Great Plant Pick	No
<i>Malus</i> 'Tschonoskii' Tschonoskii Crabapple	Deciduous	30	15	White	Red	Sparse green fruit, pyramidal	No
<i>Oxydendron arboreum</i> Sourwood	Deciduous	35	12	White	Red	Consistent and brilliant fall color. Great Plant Pick	No
<i>Prunus sargentii</i> 'Columnaris' Columnar Sargent Cherry	Deciduous	35	15	Pink	Orange	Upright form. The cherry with the best fall color. Can suffer from brown rot in spring.	No
<i>Prunus x hillieri</i> 'Spire' Spire Cherry	Deciduous	30	10	Pink	Orange	One of the few 'wire friendly' columnar cherries. Can suffer from brown rot in spring.	No
<i>Pyrus calleryana</i> 'Cambridge' Cambridge Pear	Deciduous	40	15	White	Crimson	Narrow tree with better branch angles and form than the species – brittle limbs may still be a problem with breakage due to ice or wet snow. Reported as invasive in other areas	No

Medium Broadleaf Trees							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Acer grandidentatum</i> 'Schmidt' Rocky Mt. Glow Maple	Deciduous	25	20		Red	Intense red fall color - Limited availability in nursery trade	No
<i>Acer rubrum</i> 'Karpick' Karpick Maple	Deciduous	40	20		Red	Finer texture than other narrow forms of columnar maple	No
<i>Acer truncatum</i> x <i>A. platanoides</i> 'Keithsform Norwegian Sunset Maple	Deciduous	35	25		Red	Reliable fall color - nice reddish orange	No
<i>Acer truncatum</i> x <i>A. platanoides</i> 'Warrensred' Pacific Sunset Maple	Deciduous	30	25		Red	Limited use under higher wires	No
<i>Betula albosinensis</i> var <i>septrionalis</i> Chinese Red Birch	Deciduous	40	35		Yellow	White and pink peeling bark. Great Plant Pick	No
<i>Carpinus caroliniana</i> American Hornbeam	Deciduous	25	20		Orange	Outstanding fall color (variable – yellow, orange, red) – nice little tree. Great Plant Pick	No
<i>Cladrastis kentukea</i> Yellowwood	Deciduous	40	40	White	Yellow	White flowers in spring, resembling wisteria flower – blooms profusely only every 2 to 4 years – yellow/gold fall color	No
<i>Cornus nuttali</i> Pacific Dogwood	Deciduous	50	20	White	Yellow	Susceptible to diseases, our native Dogwood provides great fall color; requires well-drained soils; beautiful flowers.	Yes
<i>Cornus controversa</i> 'June Snow' Giant Dogwood	Deciduous	40	30			Frothy, 6-inch clusters of white flowers in June – Great Plant Pick	No
<i>Cornus</i> 'Eddie's White Wonder' Eddie's White Wonder Dogwood	Deciduous	30	20	White	Red	A hybrid of <i>C. florida</i> and <i>C. nuttallii</i>	No
<i>Crataegus crus-galli</i> 'Inermis' Thornless Cockspur Hawthorne	Deciduous	25	30	White	Orange	Red persistent fruit	No
<i>Crataegus phaenopyrum</i> Washington Hawthorne	Deciduous	25	20	White	Red	Thorny – do not plant in high use areas	No
<i>Crataegus x lavalii</i> Lavalle Hawthorne	Deciduous	25	20	White	Orange	Thorns on younger trees. Great Plant Pick	No
<i>Davidia involucrata</i> Dove Tree	Deciduous	40	30	White		Large, unique flowers in May. Great Plant Pick	No
<i>Eucommia ulmoides</i> Hardy Rubber Tree	Deciduous	50	40		NA	Dark green, very shiny leaves – insignificant fall color	No
<i>Fagus sylvatica</i> 'Rohanii' Purple Oak Leaf Beech	Deciduous	50	30			Attractive purple leaves with wavy margins. Great Plant Pick	No
<i>Halesia monticola</i> Mountain Silverbell	Deciduous	45	25	White	Yellow	Attractive small white flower	No
<i>Halesia tetraptera</i> Carolina Silverbell	Deciduous	35	30	White	Yellow	Attractive bark for seasonal interest	No
<i>Koelreuteria paniculata</i> Goldenrain Tree	Deciduous	30	30	Yellow	Yellow	Midsummer blooming – slow growing. Great Plant Pick	No

Medium Broadleaf Trees (Continued)

Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Magnolia denudata</i> Yulan Magnolia	Deciduous	40	40	White		6" inch fragrant white flowers in spring. Great Plant Pick	No
<i>Magnolia kobus</i> 'Wada's Memory' Wada's Memory Magnolia'	Deciduous	30	20	White	Yellow	Does not flower well when young. Great Plant Pick	No
<i>Nyssa sylvatica</i> Tupelo	Deciduous	50	30		Red	Handsome chunky bark – Great Plant Pick	No
<i>Ostrya virginiana</i> Ironwood	Deciduous	40	25		Yellow	Hop like fruit – slow growing	No
<i>Phellodendron amurense</i> 'Macho' Macho Cork Tree	Deciduous	40	40		Yellow	This variety is fruitless – fall color can be varied. High drought tolerance	No
<i>Populus tremuloides</i> Quaking Aspen	Deciduous	50	30		Yellow	Tree spreads by root sprouts and has an aggressive root system	Yes
<i>Prunus cerasifera</i> 'Krauter Vesuvius' Vesuvius Flowering Plum	Deciduous	30	20	Pink		Burgundy colored leaves – tree best used as an accent rather than in mass plantings	No
<i>Pterostyrax hispida</i> Fragrant Epaulette Tree	Deciduous	40	30	White	Yellow	Pendulous creamy white flowers – fragrant – difficult to find in the nursery trade	No
<i>Pyrus calleryana</i> 'Aristocrat' Aristocrat Pear	Deciduous	40	30	White	Red	One of the tallest flowering pears – good branch angles, but wood is brittle. Reported as invasive in other areas.	No
<i>Pyrus calleryana</i> 'Glen's Form' Chanticleer or Cleveland Select Pear	Deciduous	40	20	White	Red	Selected variety of callery pear – good spring flowering. . Reported as invasive in other areas	No
<i>Pyrus calleryana</i> 'Redspire' Redspire Pear	Deciduous	35	25	White	Red	Selected variety of callery pear – good spring flowering. . Reported as invasive in other areas	No
<i>Pyrus sp.</i> Fruiting Pear	Deciduous	40	25	White		Fruit trees are not approved for street tree use.	No
<i>Rhamnus purshiana</i> Cascara	Deciduous	30	20		Orange	Native tree – fall color depends on exposure – purplish fruit feeds many native birds	Yes
<i>Robinia x ambigua</i> Pink Idaho Locust	Deciduous	35	25	Purple	Yellow	Fragrant flowers. Sterile variety. Drought tolerant. Some varieties will sucker profusely.	No
<i>Salix lasiandra</i> Pacific Willow	Deciduous	40	30		Yellow	Excellent wildlife shrub and for stabilizing stream banks	Yes
<i>Salix scouleriana</i> Scouler's Willow	Deciduous	30	20		Yellow	Great tree for wildlife. Scouler's Willow prefers dry to moist soil; not very wet.	Yes
<i>Salix sitchensis</i> Sitka Willow	Deciduous	30	20		Yellow	Great tree for wildlife	Yes
<i>Sophora japonica</i> 'Regent' Japanese Pagodatree	Deciduous	45	40	White	Yellow	Has a rapid growth rate and tolerates city conditions, heat, and drought.	No
<i>Sorbus aucuparia</i> 'Mitchred' Cardinal Royal Mt. Ash	Deciduous	35	20	White	Yellow	A vigorous tree with upright branches and a very symmetrical habit. Leaves are silvery underneath.	No
<i>Sorbus x hybridia</i> Oakleaf Royal Mt. Ash	Deciduous	30	20	White	Orange	It has leaves which are similar to English oak, and interesting bark for seasonal features.	No

Medium Broadleaf Trees (Continued)							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Styrax japonica</i> Japanese Snowbell	Deciduous	25	25	White	Yellow	Reliable and easy to grow, it has plentiful, green ½" inch seeds. Flowers similar to lily in the valley. Great Plant Pick	No
<i>Tilia cordata</i> 'De Groot' De Groot Littleleaf Linden	Deciduous	30	20		Yellow	One of the smaller stature littleleaf lindens.	No
<i>Tilia cordata</i> 'Chancole' Chancelor Linden	Deciduous	35	20		Yellow	Pyramidal when young. Fragrant flowers that attract bees.	No
<i>Ulmus parvifolia</i> 'Emer I' Athena Classic Elm	Deciduous	30	35		Orange	High resistance to Dutch Elm Disease. Drought resistant. Cinnamon colored exfoliating bark for seasonal interest.	No
Small Columnar Trees							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Maackia amurensis</i> Amur Maackia	Deciduous	30	20	White		Interesting exfoliating bark – flowering in June or July - varies in intensity from year to year	No
<i>Malus</i> 'Adirondack' Adirondack Crabapple	Deciduous	20	10	White	Yellow	Very resistant to apple scab – one of the narrowest crabapples – persistent reddish ¼" fruit. Great Plant Pick	No
<i>Malus</i> 'Red Barron' Red Barron Crabapple	Deciduous	20	10	Pink	Yellow	Deep pink blossom and persistent red berries for seasonal interest	No
<i>Prunus serrulata</i> 'Amanogawa' Amanogawa Flowering Cherry	Deciduous	20	8	White	Orange	Pinkish flower bud, changing to white flower.	No
<i>Prunus serrulata</i> 'Royal Burgundy' Amanogawa Flowering Cherry	Deciduous	20	15	Pink	Orange	Bronze-purple Fall color	No
<i>Cornus mas</i> 'Saffron Sentinel' Cornelian Cherry	Deciduous	22	12	Yellow	Red	Blooms on bare wood, red fruit, crimson fall color.	No
<i>Malus</i> 'Sentinel' Sentinel Crabapple	Deciduous	20	12	Pink		Fruiting	No
<i>Sorbus americana</i> 'Dwarfscrown' Red Cascade Mountain Ash	Deciduous	20	10			Nice winter form - Red berries in clusters	No
Small Broadleaf Trees							
Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Acer buergerianum</i> Trident Maple	Deciduous	30	30		Orange	Somewhat shrublike – must train to a single stem – interesting bark. Great Plant Pick	No
<i>Acer circinatum</i> Vine Maple	Deciduous	25	25		Orange	Avoid using on harsh sites – native tree. Great Plant Pick	Yes
<i>Acer ginnala</i> 'Flame' Flame Amur Maple	Deciduous	25	20	White	Red	Clusters of small cream colored flowers in spring – very fragrant. Nice fall color. Informal branch structure.	No
<i>Acer griseum</i> Paperbark Maple	Deciduous	30	20		Red	Peeling cinnamon colored bark for seasonal interest. Great Plant Pick	No

Small Broadleaf Trees (Continued)

Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Acer palmatum</i> Japanese Maple	Deciduous	20	25		Yellow	Many varieties available – select larger varieties for street planting	No
<i>Acer triflorum</i> Three-Flower Maple	Deciduous	25	20		Orange	Multi seasonal interest with tan, exfoliating bark and red, orange/red fall color. Great Plant Pick	No
<i>Alnus sinuata</i> Sitka Alder	Deciduous	40	25			Prefers heavy moist soil, usually above 3000ft	Yes
<i>Amelanchier alnifolia</i> Saskatoon Serviceberry	Deciduous	20	15	White		Shrublike form, may be difficult to train into tree form	Yes
<i>Amelanchier grandiflora</i> 'Princess Diana' Princess Diana Serviceberry	Deciduous	20	15	White	Orange	Good for narrower planting strips	No
<i>Amelanchier x grandiflora</i> 'Autumn Brilliance' Autumn Brilliance Serviceberry	Deciduous	20	15	White	Orange	Good for narrower planting strips – reliable bloom and fall color	No
<i>Asimina triloba</i> Paw Paw	Deciduous	30	20	Burgundy		Burgundy flower in spring before leaves – difficult to find in nursery trade	No
<i>Carpinus japonica</i> Japanese Hornbeam	Deciduous	20	25		Yellow	Wide spreading, slow growing – fall color is not outstanding. Great Plant Pick	No
<i>Cercis canadensis</i> Eastern Redbud	Deciduous	25	30	Pink	Yellow	Deep pink flowers on bare twigs in spring	No
<i>Cercis siliquastrum</i> Judas Tree	Deciduous	25	30	Pink	Yellow	Deep pink flowers on bare twigs in spring – drought resistant	No
<i>Cornus alternifolia</i> Pagoda Dogwood	Deciduous	25	25	White	Red	Small white flowers in flat clusters – fall color is varied. Great Plant Pick	No
<i>Cornus kousa</i> 'Chinensis' Kousa Dogwood	Deciduous	20	20	White	Red	Does not do well on harsh, dry sites.	No
<i>Franklinia alatamaha</i> Franklin Tree	Deciduous	20	20	White	Red	Large white flowers with orange centers, orange-red fall color	No
<i>Cotinus obovatus</i> American Smoke Tree	Deciduous	25	25	Pink	Red	Showy pinkish panicles of flowers in the spring – reddish purple leaves on some varieties. Great Plant Pick	No
<i>Crataegus douglasii</i> Black Hawthorne	Deciduous	30	25	White	Red	Up to 1" thorns- thicket forming- may spread	Yes
<i>Crataegus suksdorfii</i> Suksdorf's Hawthorn	Deciduous	30	25	White		Shorter thorns than <i>C. douglasii</i>	Yes
<i>Lagerstroemia 'tuscarora'</i> Tuscarora Hybrid Crape Myrtle	Deciduous	20	20	Pink	Red	Light cinnamon brown bark lends year round interest – drought resistant – likes a warm site	No
<i>Magnolia</i> 'Elizabeth' Elizabeth Magnolia	Deciduous	30	20	Yellow		Yellowish to cream colored flower in spring. Great Plant Pick	No
<i>Magnolia</i> 'Galaxy' Galaxy Magnolia	Deciduous	25	25	Pink	Yellow	Showy pink flowers. Great Plant Pick	No
<i>Magnolia x loebneri</i> Loebner Magnolia	Deciduous	20	20	White	Yellow	Flower is 'star' shaped rather than tulip like – white to pinkish white in March or April. Great Plant Pick	No
<i>Magnolia grandiflora</i> 'Little Gem' Little Gem Magnolia	Deciduous	20	10	White		Useful where larger varieties are inappropriate	No

Small Broadleaf Trees (Continued)

Scientific & Common Name	Evergreen or Deciduous	Mature Height	Spread	Flower Color	Fall Color	Comments	Native Tree
<i>Malus</i> 'Golden Raindrops' Golden Raindrops Crabapple	Deciduous	20	20	White	Yellow	Disease resistant – persistent yellow fruit in fall and winter. Great Plant Pick	No
<i>Malus</i> 'Donald Wyman' Donald Wyman Crabapple	Deciduous	25	25	White	Yellow	Large white blossom – nice green foliage in summer	No
<i>Malus fusca</i> Pacific Crabapple	Deciduous	40	25	White		Good wildlife plant - fruits and thickets can provide good cover	Yes
<i>Malus</i> 'Lancelot' ('Lanzam') Lancelot Crabapple	Deciduous	15	15	White	Yellow	Red flower buds, blooming white – red persistent fruit	No
<i>Malus</i> sp. Fruiting Apple	Deciduous	25	25	White		Fruit trees are not approved for street tree use	No
<i>Parrotia persica</i> Persian Parrotia	Deciduous	30	20	Red	Orange	Blooms before it leafs out – drought tolerant - Varied fall color - reds, oranges and yellows. Great Plant Pick	No
<i>Prunus</i> 'Frankthrees' Mt. St. Helens Plum	Deciduous	20	20	Pink		Burgundy colored leaves – tree best used as an accent rather than in mass plantings	No
<i>Prunus</i> 'Newport' Newport Plum	Deciduous	20	20	Pink		Burgundy colored leaves – tree best used as an accent rather than in mass plantings	No
<i>Prunus</i> 'Snowgoose' Snow Goose Cherry	Deciduous	20	20	White	Red	This selection sports abundant white flowers and healthy green, disease-resistant foliage	No
<i>Prunus cerasifera</i> 'Thundercloud' Thundercloud Plum	Deciduous	30	20	Pink		Burgundy colored leaves – tree best used as an accent rather than in mass plantings – can produce significant fruit	No
<i>Prunus</i> sp. Fruiting cherries, plums, peaches	Deciduous	25	25	variable		Fruit trees are not approved for street tree use	No
<i>Prunus x yedoensis</i> 'Akebono' Akebono Flowering Cherry	Deciduous	25	25	Pink	Red	Has masses of large, semi-double, pink flowers – most widely planted cherry in Pacific Northwest	No
<i>Sorbus alnifolia</i> Korean Mountain Ash	Deciduous	35	30	White	Orange	Simple leaves and beautiful pink/red fruit. Great Plant Pick	No
<i>Stewartia monodelpha</i> Orange Bark Stewartia	Deciduous	30	20	White	Orange	Extraordinary cinnamon colored bark – avoid hot, dry sites. Great Plant Pick	No
<i>Stewartia psuedocamellia</i> Japanese Stewartia	Deciduous	25	15	White	Orange	Patchwork bark, white flower in spring. Great Plant Pick	No
<i>Styrax obassia</i> Fragrant Styrax	Deciduous	25	20	White	Yellow	Smooth gray bark and fragrant white flowers. Great Plant Pick	No
<i>Tracheocarpus fortunei</i> Windmill Palm	Deciduous	25	10			Traffic visibility can be a problem with small plants	No
